Joe Stegman cont.

Nine possible students will be chosen from the three scholarship categories.

The following outlines the criteria, important dates, award amounts and other information to be used for the MCTA Scholarship Program during the 2011 - 2012 school year. If you have any questions please give me a call at (269)-539-5297 or e-mail me at jstegman@vbisd.org. The purpose of the scholarship is to recognize 6-9 outstanding 12th grade students from construction trades programs (in any of the trade areas) as long as they are part of the construction trades/building maintenance cluster.

1) **HIGHER ACHIEVER**- A student who has shown outstanding progress and/or improvement in a construction program over the duration of at least one year. This scholarship is not necessarily intended for a student with a great natural ability or academic strength coming into a program but more for the student who has made the most "individual" improvement usually as a result of a super attitude, attendance, dedication, hard work, etc. Grade point average in construction class or other classes will not be used as a determining factor.

2) **STUDENT ENTERING TRADE**- A student who, as a result of natural ability, hard work, dedication~ etc., has been consistently outstanding in a construction program over the duration of at least one year. This scholarship is intended for a student who plans on entering the trade immediately upon completion of high school. Student must have a minimum of a 3.0 (B) grade point average in a construction class(es) to apply.

3) **STUDENT CONTINUING EDUCATION**- A student who, as a result of natural ability, hard work, dedication, etc., has been consistently outstanding in a construction program over the duration of at least one year. This scholarship is intended for a student who plans on continuing his/her education immediately upon completion of high school. Students must have a minimum of 2.0 (C) grade point average for sophomore, junior, and 1st semester senior year in all classes (vocational and academic) to apply. A high school transcript will be required.

Note: A student who plans on entering is already part of an apprenticeship program immediately upon completion of high school and will be continuing his/her education while working may apply for category two or three, but not both.
